## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

**Title 19—DEPARTMENT OF HEALTH AND  
SENIOR SERVICES  
Division 40—Division of Maternal, Child and Family  
Health  
Chapter 11—Vision Examinations**

**EMERGENCY RULE**

**19 CSR 40-11.010 Payments for Vision Examinations**

***PURPOSE:** The Department of Health and Senior Services makes payments to appropriate medical providers to cover the cost of the comprehensive eye examination of first and third grade children not covered by insurance who fail public school vision screenings. This rule establishes the criteria by which comprehensive eye examination costs are paid.*

***EMERGENCY STATEMENT:** There are approximately seventy-five thousand (75,000) children entering public school in Missouri each year. These children have a twenty-five percent (25%) chance of having a vision problem that could impact their ability to learn. Section 167.195, RSMo Supp. 2007, established the Children's Vision Commission and, beginning July 1, 2008, requires all public schools to conduct vision screenings by methods approved by the Children's Vision Commission before they complete the first and third grades. The commission was appointed in January of 2008 and has since established the methods for the screenings. The parent(s) or guardian(s) of children failing a vision screening will be notified of*

*the screening results and referred for a comprehensive eye examination. Section 192.935, RSMo, directs the Department of Health and Senior Services to pay for eye examinations not covered by existing health insurance. This emergency rule establishes the criteria for obtaining reimbursement by the department for such eye examinations. This emergency rule is necessary because funds were not appropriated until July of 2008 to implement section 167.195, RSMo. Additionally, following the appropriation of funds, meetings with the Children's Vision Commission and other stakeholders were necessary as this rule was being developed and decisions made as to how the funds would be spent. If this emergency rule is not enacted, the appropriated funding cannot be used and children receiving examinations in the current fiscal year who do not have insurance coverage may not be able to pay for the eye examinations and subsequently may not have the recommended follow-up examination. As a result, the department finds there is a compelling governmental interest that requires this emergency action. A proposed rule, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency rule is limited to the circumstance creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The department believes this rule is fair to all interested persons and parties under the circumstances. This emergency rule was filed on January 9, 2009, becomes effective on January 19, 2009, and expires on July 17, 2009.*

(1) Beginning July 1, 2008, all public school districts shall conduct a vision screening by methods developed by the Children's Vision Commission for each student before the completion of first and third grades. The school district shall notify the parent or guardian of any child failing the vision screening and refer the parent or guardian to an optometrist or physician for a comprehensive eye examination.

(2) Subject to appropriation of funds and the cost cap set out in section 192.935, RSMo, the Blindness Education, Screening, and Treatment (BEST) Program fund shall cover the cost of vision examinations under section 167.195, RSMo, that are not covered by existing public health insurance provided that the cost of the examination does not exceed the allowable state MO HealthNet reimbursement amount for eye examinations.

(3) Vouchers for payment out of the BEST Program fund shall be distributed to public school districts based on the following methodology:

(A) Calculating the number of children in first and third grades by school district;

(B) Calculating the number of children who are likely to fail the screening and require a comprehensive eye examination;

(C) Excluding the number of children who are eligible for MO HealthNet;

(D) Calculating the number of children in each school district eligible for assistance;

(E) Dividing the total funds by the MO HealthNet reimbursement rate to determine the total number of exams to be reimbursed; and

(F) Allocating funds per school district based on percentage of children eligible for assistance.

(4) At the time the school refers the child for a comprehensive eye examination, the school district shall evaluate whether the child meets the qualifications in section (5) of this rule and, if so, shall give the parent or guardian a voucher that may be used to cover the cost of the child's eye examination.

(5) To qualify for coverage under the BEST Program fund, a child must—

(A) Be enrolled in a public school in grade one or three;

(B) Have failed a vision screening provided by a public school in accordance with the standardized screening methods provided by the Children's Vision Commission;

(C) Receive a comprehensive eye examination performed by a licensed optometrist or physician;

(D) Lack any other means of insurance to provide payment for a comprehensive eye examination; and

(E) Be a legal resident of the state of Missouri.

(6) To receive payment out of the BEST Program fund, an optometrist or physician who performs a comprehensive eye examination on a child based upon referral by a public school district shall complete the Missouri Eye Examination Form for School, included herein, and submit the form and voucher to the public school district. The public school district shall forward the voucher and an invoice listing the voucher number on the school district's letterhead to the Department of Health and Senior Services, Attention: School Vision Program, PO Box 570, Jefferson City, MO 65102, no later than the last day of February of the school year in which the examination was performed in order to receive reimbursement.

(7) Vouchers allocated to the school districts that have not been used by the last day of February of each school year shall be returned to the Department of Health and Senior Services for reallocation to other school districts.

**Title 20—DEPARTMENT OF INSURANCE,  
FINANCIAL INSTITUTIONS AND PROFESSIONAL  
REGISTRATION**

**Division 700—Insurance Licensing  
Chapter 3—Education Requirements**

**EMERGENCY AMENDMENT**

**20 CSR 700-3.200 Continuing Education.** The department is amending section (2).

*PURPOSE:* This amendment fixes an error in this rule by correctly citing the statute as section 375.020.1, RSMo, instead of section 375.010.1, RSMo, listed in the rule.

*EMERGENCY STATEMENT:* This emergency amendment corrects the statutory citation in section (2) of the rule from section 375.010.1, RSMo, to section 375.020.1, RSMo. Statute requires insurance producers take sixteen (16) hours of continuing education courses. By rule, the Department of Insurance, Financial Institutions and Professional Registration intended that three (3) of those continuing education hours be ethics courses. This emergency amendment is necessary to protect a compelling governmental interest as without the correction, insurance producers would not be required to take any continuing education ethics courses as originally intended by the rule. As a result, the Department of Insurance, Financial Institutions and Professional Registration finds a compelling governmental interest, which requires this emergency action to clarify that continuing education ethics hours are required. The original rule intended to make continuing education ethics hours a requirement for insurance producers. Making this correction only as a proposed amendment would result in a delay in the requirement for insurance producers to take continuing education ethics courses. Delay in requiring insurance producers to take continuing education ethics hours could result in harm to the public in that, without the continuing education ethics hours, insurance producers would not be properly trained to sell insurance to the public, which could result in improper sales of insurance to the public. A proposed amendment, which covers the same material, is published in this issue of the *Missouri Register*. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri and United States Constitutions*. The Department of Insurance, Financial Institutions and Professional Registration believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment was filed January 8, 2009, effective January 18, 2009, and expires July 16, 2009.

(2) Beginning January 1, 2009, of those hours of continuing education required by section [375.010.1] **375.020.1**, RSMo, insurance producers licensed in any of the lines of authority designated in sections 375.018.1(1) through (6), RSMo, must complete three (3) hours of instruction covering ethics, Missouri law, and producer duties and obligations to the department during any two (2)-year licensure period. Courses on ethics, laws, and duties must be approved as such by the director to be eligible for meeting this requirement.

*AUTHORITY:* section 375.045, RSMo 2000 and section 375.020, RSMo Supp. 2008. This rule was previously filed as 4 CSR 190-12.130. Original rule filed Aug. 8, 1989, effective Nov. 13, 1989. For intervening history, please consult the *Code of State*

**T**he Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2008.

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

**Boldface text indicates new matter.**

*[Bracketed text indicates matter being deleted.]*

**Title 11—DEPARTMENT OF PUBLIC SAFETY  
Division 80—Missouri State Water Patrol  
Chapter 5—Aids to Navigation and Regulatory Markers**

**PROPOSED AMENDMENT**

**11 CSR 80-5.010** *[Approval of Aids to Navigation and Regulatory Markers] Filing Requirements.* The commissioner is amending the title of the rule and sections (1)–(3), (4), and (9), adding new sections (4) and (6), and renumbering sections as necessary.

**PURPOSE:** *This amendment increases the number of days an application must be received prior to a scheduled buoy hearing; creates a general requirement that docks with permitted buoys must be at least three hundred feet (300') apart; specifies manner in which the buoy permit number is to be displayed; extends the months that permitted buoys must be in place; and lengthens the time period before removal of buoys placed contrary to a permit or in neglect. New application*

*must include a plot map with the names of any dock owner within three hundred feet (300'). Buoy permits issued to private non-marina docks will not be transferrable upon a change of ownership.*

**PUBLISHER'S NOTE:** *The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.*

(1) All persons requesting permission to place or have placed an aid to navigation or regulatory marker as defined in section 306.124, RSMo, on the waterways of the state of Missouri must submit a completed application form **incorporated by reference** and supplied by the Missouri State Water Patrol, PO Box 1368, Jefferson City, MO 65102-1368. **This application form does not incorporate any subsequent amendments or additions.** All applications must be *[submitted to]* **received by** the Missouri State Water Patrol General Headquarters in Jefferson City at least *[thirty (30) days before the date permission is requested]* **forty-five (45) days prior to the hearing date in which the application is to be heard.** The application will be reviewed by the Missouri State Water Patrol at a public hearing after notice of the hearing has been published in the county paper at least ten (10) days before the hearing. Hearings will be conducted only once per month during the months of September, November, January, March, and May. The commissioner of the Missouri State Water Patrol, or his/her designated representative, shall approve or disapprove all applications within a reasonable length of time after the conclusion of the hearing.

(2) Applications for buoys one hundred feet (100') from a dock:

(D) *[Docks that are within two hundred feet (200')] The applicant must supply a plot map, which provides the name of any dock owner within three hundred feet (300') of the applicant's dock. The diagram and plot map may be one in the same. Existing buoys in the area must be indicated on the diagram;*

(E) "No *[w/Wake-/i/Idle /s/Speed]*" buoys will not be approved for docks that are less than three hundred feet (300') from a dock on the opposite side of the cove due to constriction and increased potential for accidents;

(F) *[Generally, private docks will only be permitted for one "no wake-idle speed" buoy unless other circumstances exist; and] Generally, a distance of three hundred feet (300') will be required between docks which are permitted buoys. Proposed buoys which may cause confusion to navigation, in the opinion of officials with the Missouri State Water Patrol, will not be approved;*

(G) *[Buoy placement will be centered one hundred feet (100') out from the most lakeward portion of the applicant's dock unless extenuating circumstances determined by the Missouri State Water Patrol dictate otherwise. Placement of buoy(s) must comply with the approved permit.] Any buoys permitted will be placed, and maintained, as specified in the approved permit; and*

(H) **Effective April 1, 2009, all buoys must have the permit number displayed on the side of the buoy and within three inches (3") of the top of the buoy. Permit numbers must be a minimum of one inch (1") block style black numbers and hyphenated as indicated on the permit. The permit number must be maintained in a legible manner on the buoy.**

(3) Applications to buoy the full width of a cove:

(B) If the width of the cove is such that the distance between docks

on opposite sides of the cove is in excess of four hundred feet (400'), the cove shall not be buoyed unless in the opinion of officials of the Missouri State Water Patrol the volume of boating traffic is significantly disproportionate to similar coves on the same body of water, or traffic accident data support the need for "[n/No [w/Wake-/[i/Idle [s/Speed]" buoys. If the distance between opposing docks is disputed, the applicant at his/her expense shall have an official survey conducted by a Missouri registered surveyor to determine the exact distance;

(C) Applications to buoy coves *[that have a distance of four hundred feet (400') or less between docks on opposite sides of the cove]* must include a plot map of the cove with all affected owners names on their plot;

(J) Approved buoys for a "[n/No [w/Wake-/[i/Idle [s/Speed]" cove shall be placed one hundred feet (100') below or prior to the first dock affected, unless it would extend the buoys into the main channel. Owners of docks at both ends of the proposed buoy line and within one hundred feet (100') outside of the proposed buoy line must agree in writing to the placement of the proposed buoys;

(K) If a cove is such that it has a bottleneck effect within the cove and then opens up in excess of four hundred feet (400') between docks on opposite sides, the property owners may petition for "[n/No [w/Wake-/[i/Idle [s/Speed]" buoys to control speed within the bottleneck and one hundred feet (100') on each side. The permit holder shall be required to place a four foot by six foot (4' × 6') sign conforming to prescribed markings on a dock or approved structure at each end of the zone. The sign must face boaters when entering the controlled zone from either side;

(L) Applications for "[n/No-[a/Anchor]" designation on all or any portion of a cove may be approved if in the opinion of the officials of the Missouri State Water Patrol the anchoring of boats unnecessarily impedes the normal flow of traffic, interferes with a dock owner's ability to navigate from or to his/her property or if electric cables, gas lines or similar utilities could be vulnerable to damage as a result of anchoring;

(M) Lighted signs and flashing lights on "**No Wake-Idle Speed/No Anchoring**" cove buoys will be discouraged unless seventy-five percent (75%) of the property owners in the affected cove agree to the application for lights. All property owners within two hundred feet (200') of proposed lighted signs on buoys must agree to the placement of the lights. If lighted signs or buoys are approved, affected property owners may, by petition, request to have the lights removed. The Missouri State Water Patrol Buoy Committee may not consider removal of permitted lights unless the petition to remove the lights bears the validated signatures of twenty-six percent (26%) or more of the current property owners in the permitted area. Shoreline property owners within two hundred feet (200') of the permitted area may be included in the revocation petition. Lighted signs and flashing lights may be required by the Missouri State Water Patrol in some instances if deemed necessary for safe navigation. **Permit numbers on approved signs must be displayed in the upper left-hand corner of the sign on at least one (1) side; and**

**(4) Flashing lights for private individual buoy permits will be approved if, in the opinion of the Missouri State Water Patrol, the lights are deemed necessary for safe navigation. Opposition from property owners within two hundred feet (200') may be taken into consideration prior to formal approval of flashing solar lights. Lights for private individual buoys shall be solar white flashing lights.**

*[(4)](5)* Modification(s) to an existing buoy permit must be approved by the Missouri State Water Patrol. A request to modify an existing permit may require a new application and hearing if the modification would have a significant effect on boating traffic in the immediate area as determined by the Missouri State Water Patrol. The Missouri State Water Patrol shall determine if a permit modification requires a public hearing. New applications must conform to *[the above]*

**current rules. [Modifications of an existing permit for name or ownership change only, does not require a new hearing.]** Permit holders are required to notify the Missouri State Water Patrol if they have a change of **mailing** address or transfer of property ownership.

**(6) Effective January 1, 2009, buoy permits previously issued to private non-marina docks will not be transferrable upon a change of ownership to the property. New property owners must reapply for the permit under current guidelines.**

*[(5)](7)* Buoy applications for the same general area will be considered not more than two (2) times within any twelve (12) consecutive-month period.

*[(6)](8)* All rejected buoy applications shall be granted one (1) appeal for the same location. Appeal hearings will normally be held at Missouri State Water Patrol General Headquarters in Jefferson City. Either the commissioner or the field services commander will serve on the appeal board.

*[(7)](9)* A personal watercraft is, by statutory definition, a vessel, which requires their operation to be in compliance with all regulatory markers.

*[(8)](10)* Temporary buoy permits for regattas, construction sites, etc., will each be considered on their own merits.

*[(9)](11)* It will be the responsibility of the permit holder to purchase, install, and maintain all approved buoys and signs. All approved buoys and signs must be installed and in place from *[May 1 through Labor Day]* **April 1 through October 1** each year. Permitted buoys and signs may remain installed *[or removed]* the remainder of the year **if they are maintained according to the permit**. Buoys and signs approved for new applications during the May hearings must be installed within thirty (30) days of the approval date. The permit holder shall mark each permitted buoy and sign with the permit number assigned by the Missouri State Water Patrol. The permit number must be placed on each buoy or sign *[by a method that is both durable and legible]* **as specified in the permit**. Buoys and signs that cannot be identified by *[visible]* **a legible** permit number are subject to removal. All buoys **and signs** must be reflective and conform to the Uniform State Waterway Marking System as established by the United States Coast Guard. The commissioner of the Missouri State Water Patrol may revoke the permit of any permit holder upon failure to abide by these rules. Upon fourteen (14) days' written notice, the commissioner of the Missouri State Water Patrol may revoke any permit if the permit holder fails to maintain buoys, signs, markers, and/or lights in proper placement or in a well-maintained and legible condition.

**(12)** Buoys that have shifted in position because of water level, boat waves, or some force of nature *[and the buoy still performs the purpose set forth in the application shall remain a legal navigation marker unless determined otherwise by the commissioner.]* **are to be relocated back to their proper placement as soon as possible. Buoys that are neglected, for any reason, are subject to removal and revocation of permit.**

*[(10)](13)* The Missouri State Water Patrol retains, pursuant to section 306.124, RSMo, sole discretion to provide for the uniform marking of the waterways of this state through the placement of aids to navigation and regulatory markers. The Missouri State Water Patrol may approve or revoke regulatory markers and navigational aids on any area of the waterways of this state when, in the opinion of officials of the Missouri State Water Patrol, public safety will be enhanced by the regulation or deregulation of boating traffic. The Missouri State Water Patrol shall consider traffic density, traffic patterns, accident

data, and other pertinent criteria prior to approval of an application or revocation of a permit.

[(11)](14) Nothing in this rule shall be construed to create in any other party any right or entitlement to the privilege of placing such aids or markers or any legal duty on behalf of the Missouri State Water Patrol to approve or disapprove any request to place such aids or markers.

**Title 13—DEPARTMENT OF SOCIAL SERVICES  
Division 70—[Division of Medical Services]  
MO HealthNet Division  
Chapter 60—Durable Medical Equipment Program**

**PROPOSED AMENDMENT**

**13 CSR 70-60.010 Durable Medical Equipment Program.** The division is amending the purpose statement and sections (1)–(11).

**PURPOSE:** This amendment changes the name of Missouri's medical assistance program to MO HealthNet, revises the name of the administering agency to MO HealthNet Division, changes program recipients to participants, updates the division's website address and incorporated by reference material, requires all MO HealthNet durable medical equipment (DME) providers be enrolled with Medicare as a durable medical equipment prosthetic and orthotic supplier, clarifies when MO HealthNet will consider enrollment of an out-of-state (non-bordering) durable medical equipment provider, and clarifies documentation requirements.

**PURPOSE:** This rule establishes the regulatory basis for the administration of the [Medicaid] MO HealthNet durable medical equipment program, designation of professional persons who may dispense durable medical equipment, and the method of reimbursement for durable medical equipment. This rule provides for such methods and procedures relating to the utilization of, and the payment for, care and services available under the [Medicaid] MO HealthNet program as may be necessary to safeguard against unnecessary utilization of such care and services and to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available

*under the plan at least to the extent that such care and services are available to the general population in the geographic area. Specific details of the conditions for provider participation, criteria, and methodology of provider reimbursement, [recipient] participant eligibility and amount, duration, and scope of services covered are included in the durable medical equipment provider program manual and bulletins which [is] are incorporated by reference in this rule and available at the website [www.dss.mo.gov/dms] www.dss.mo.gov/mhd.*

(1) Administration. The [Medicaid] MO HealthNet durable medical equipment (DME) program shall be administered by the Department of Social Services, [Division of Medical Services] MO HealthNet Division. The services and items covered and not covered, the program limitations, and the maximum allowable fees for all covered services shall be determined by the Department of Social Services, [Division of Medical Services] MO HealthNet Division and shall be included in the DME provider manual and bulletins, which [is] are incorporated by reference and made a part of this rule as published by the Department of Social Services, [Division of Medical Services] MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65102, at its website at [www.dss.mo.gov/dms, June 15, 2006] www.dss.mo.gov/mhd, December 15, 2008. This rule does not incorporate any subsequent amendments or additions.

(2) Persons Eligible. Any person who is eligible for [Title XIX] MO HealthNet benefits as determined by the Family Support Division is eligible for DME when the DME is medically necessary as determined by the treating physician or advanced practice nurse in a collaborative practice arrangement. Covered services are limited as specified in [section (6) of this rule] the DME provider manual and bulletins.

(3) Reimbursement. Payment will be made for each unit of service or item provided in accordance with the fee schedule determined by the [Division of Medical Services] MO HealthNet Division. Reimbursement will not exceed the lesser of the maximum allowed amount determined by the [Division of Medical Services] MO HealthNet Division or the provider's billed charge. Reimbursement for DME services is made on a fee-for-service basis. The [Medicaid] MO HealthNet maximum allowable fee for a unit of service has been determined by the [Division of Medical Services] MO HealthNet Division to be a reasonable fee, consistent with efficiency, economy, and quality of care. Sales tax is not covered by [Medicaid] MO HealthNet, nor can it be billed to the [recipient] participant. Providers must accept the [Medicaid] MO HealthNet payment as the full and complete payment and may not accept additional payment from the [recipient] participant. Charges for shipping, freight, COD, handling, delivery, and pickup are included in the reimbursement for items covered under the DME program and are not billable to the [Medicaid recipient] MO HealthNet participant.

(4) Definition for Durable Medical Equipment. DME is equipment that can withstand repeated use, is primarily and customarily used to serve a medical purpose, generally is not useful to a person in the absence of an illness or injury, and is appropriate for use in the home. All requirements of the definition must be met in order for the equipment to be covered by [Medicaid] MO HealthNet.

(5) Provider Participation.

(A) The following types of providers may be reimbursed by [Medicaid] MO HealthNet for items covered under the DME program if they are enrolled [Medicaid] MO HealthNet DME providers and enrolled with Medicare as a durable medical equipment prosthetic and orthotic supplier: rental and sales providers, prosthetic fabricators, rehabilitation centers, orthotic fabricators,

physicians (includes M.D., D.O., podiatrists—may dispense orthotic devices and artificial larynx), advanced practice nurses in a collaborative practice arrangement, pharmacies, and hospitals.

(B) MO HealthNet participants are required to obtain services from Missouri or bordering state providers. MO HealthNet will consider enrollment of an out-of-state (non-bordering) durable medical equipment provider only if—

1. Medicare covered services are provided to patients who have both MO HealthNet and Medicare; or

2. The item needed is not available or does not have a comparable substitute from Missouri or bordering state providers.

(C) If the provider requests authorization for equipment or supplies for a MO HealthNet patient who is not also Medicare eligible or requests authorization for services that are available or have a comparable substitute in Missouri or a bordering state, the out-of-state (non-bordering) provider may be subject to sanctions and any amounts paid by the MO HealthNet Division will be recouped.

[(B)](D) The enrolled [Medicaid] MO HealthNet provider shall agree to:—

1. Keep any records necessary to disclose the extent of services the provider furnishes to [recipients] participants; and

2. On request, furnish to the [Medicaid agency] MO HealthNet Division or State Medicaid Fraud Control Unit any information regarding payments claimed by the provider for furnishing services under the plan.

(6) Covered Services. It is the provider's responsibility to determine the coverage benefits for a [Medicaid] MO HealthNet eligible [recipient] participant based on his or her type of assistance as outlined in the DME manual and bulletins. Reimbursement will be made to qualified participating DME providers only for DME items, determined by the [recipient's] participant's treating physician or advanced practice nurse in a collaborative practice arrangement to be medically necessary. [Covered services include the following items: prosthetics, excluding an artificial larynx; ostomy supplies; diabetic supplies and equipment; oxygen and respiratory equipment, excluding CPAPs, BiPAPs, nebulizers, IPPB machines, humidification items, suction pumps and apnea monitors; and wheelchairs, excluding scooters. Covered services for a Medicaid eligible needy child or person receiving Medicaid under a category of assistance for pregnant women or the blind shall include but not be limited to: prosthetics; orthotics; oxygen and respiratory care equipment; parenteral nutrition; ostomy supplies; diabetic supplies and equipment; decubitus care equipment; wheelchairs; wheelchair accessories and scooters; augmentative communication devices; and hospital beds.] Specific procedure codes that are covered under the DME program are listed in Section 19 of the DME provider manual and bulletins, which [is] are incorporated by reference and made a part of this rule as published by the Department of Social Services, [Division of Medical Services] MO HealthNet Division, 615 Howerton Court, Jefferson City, MO 65102, at its website at [www.dss.mo.gov/dms, June 15, 2006] www.dss.mo.gov/mhd, December 15, 2008. This rule does not incorporate any subsequent amendment or additions. These items must be for use in the [recipient's] participant's home when ordered in writing by the [recipient's] participant's physician or advanced practice nurse in a collaborative practice arrangement. Although an item is classified as DME, it may not be covered in every instance. Coverage is based on the fact that the item is reasonable and necessary for treatment of the illness or injury, or to improve the functioning of a malformed or permanently inoperative body part and the equipment meets the definition of DME. Even though a DME item may serve some useful, medical purpose, consideration must be given by the physician or advanced practice nurse in a collaborative arrangement and the DME supplier to what extent, if any, it is reasonable for [Medicaid] MO HealthNet to pay for the

item as opposed to another realistically feasible alternative pattern of care. Consideration should be given by the physician or advanced practice nurse in a collaborative practice arrangement and the DME supplier as to whether the item serves essentially the same purpose as equipment already available to the *[recipient] participant*. If two (2) different items each meet the need of the *[recipient] participant*, the less expensive item must be employed, all other conditions being equal.

(7) Documentation. The DME provider and physician or advanced practice nurse in a collaborative practice arrangement shall document how they determined what was the least expensive, feasible alternative for treatment of the illness or injury, or to improve the functioning of a malformed or permanently inoperative body part **and maintain documentation in compliance with 13 CSR 70-3.030.**

(8) Durable medical equipment for *[recipients] participants* who are in a nursing facility or inpatient hospital. DME is not covered for those *[recipients] participants* residing in a nursing home. DME is included in the nursing home per diem rate and not paid for separately with the exception of custom and power wheelchairs, prosthetic devices, and volume ventilators. DME that is used while the *[recipient] participant* is in inpatient hospital care is not paid for separately under the DME program. These costs are recognized as part of the hospital's inpatient per diem rate.

(9) Non-Covered Items. *[Missouri Medicaid] MO HealthNet* does not cover items which primarily serve the following purposes: personal comfort, convenience, education, hygiene, safety, cosmetic, new equipment of unproven value, and equipment of questionable current usefulness or therapeutic value. Specific items which are generally not covered can be found in Section 13.32 of the DME manual. Examples of non-covered items are: air conditioners, computers (unless determined to be used for an augmentative communication device), electric bathtub lifts, elevators, furniture, toys, home modifications, refrigerators, seat lift chairs, stair lifts or glides, treadmill, water softening systems, wheelchair lifts, wheelchair ramps, whirlpool tubs, or pumps.

(10) Medicare/Medicaid Crossovers. For *[recipients] participants* having both Medicare and *[Medicaid] MO HealthNet* eligibility, the *[state Medicaid] MO HealthNet* program pays the lesser of the amounts indicated by Medicare to be deductible and/or coinsurance due on the Medicare allowed amount or the difference between the amount paid by Medicare and the *[Medicaid] MO HealthNet* allowed amount.

(11) Records Retention. **Sanctions may be imposed by the MO HealthNet Division against a provider for failing to make available, and disclosing to the MO HealthNet Division or its authorized agents, all records relating to services provided to MO HealthNet participants or records relating to MO HealthNet payments, whether or not the records are commingled with non-Title XIX (Medicaid) records in compliance with 13 CSR 70-3.030.** These records must be retained for five (5) years from the date of service. Fiscal and medical records coincide with and fully document services billed to the *[Medicaid] MO HealthNet* agency. Providers must furnish or make the records available for inspection or audit by the Department of Social Services or its representative upon request. Failure to furnish, reveal, or retain adequate documentation for services billed to the *[Medicaid] MO HealthNet* program, as specified above, is a violation of this regulation.

**II. SUMMARY OF FISCAL IMPACT**

Estimate of the number of entities by class which would likely be affected by the adoption of the rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
3,400	EMT (Missouri residents)	\$30,600 annually.
250	EMT (non-Missouri residents)	\$9,750.00 annually.
	Total cost=	\$40,350.00 annually.

**III. WORKSHEET**

There are currently 16,800 Emergency Medical Technicians (EMTs) licensed in Missouri. The license is issued for 5 years. Once every 5 years, the applicant must obtain a background check to attach to the license application.

If the applicant has resided in Missouri for the past 5 consecutive years, a simple name and social security check is done. The current cost is \$9.00 per background check.

There are 250 applicants that did not live in Missouri for the past 5 consecutive years. Background checks in surrounding states differ but are expected to be less than the \$39.00 charged for a fingerprint check.

**IV. ASSUMPTIONS**

16,800 EMTs in Missouri. 20% relicense every five years totaling approximately 3,400 per year.

$3400 \times \$9.00 = \$30,600.00$  per year with expected 12% increase per year.

Missouri has seen a 12% increase in initial licensees per year.

There are currently approximately 1,200 EMTs living outside of Missouri.

The applicant would obtain a background check from each state lived in during the past five years.

The cost for a background check out of state is not expected to be greater than the Federal Bureau of Investigation fingerprint check which costs \$39.00.

There are approximately 250 out of state applicants each year.

$250 \times \$39.00 = \$9,750.00$

Total = \$40,350.00

**An estimated twenty-seven (27) Missouri citizens will request Missouri Outside the Hospital Do-Not Resuscitate (OHDNR) identification (necklaces and bracelets) annually.**

**The Missouri OHDNR identification (necklaces and bracelets) will cost approximately \$39 each.**

$$27 \times \$39.00 = \$1,053.00$$

**An estimated thirty-four (34) Missouri citizens will request Missouri OHDNR orders and OHDNR identification (wallet cards) annually.**

Purple card stock (8.5 X 11 in size) will cost approximately \$.10 per page.

$$34 \times \$0.10 = \$3.40$$

---

Total cost - \$1053.00 (OHDNR bracelets and necklaces) + \$3.40 (OHDNR wallet cards) = \$1056.40 annually.

#### IV. ASSUMPTIONS

##### OHDNR Identification (Necklaces and Bracelets)

The type of metal used in the OHDNR identification (necklaces and bracelets) is at the choice of the requestor. Therefore, the price range differences are extreme based on the choice of the requestor. The cost of \$39.00 is the lowest price option based on a review of OHDNR identification (necklaces and bracelets) distributors' prices.

The Texas Medical Association in conjunction with the Texas Department of State Health Services has implemented a similar OHDNR identification program over the past several years. This Texas OHDNR program has received approximately seventy-five (75) requests annually for OHDNR jewelry.

The Missouri estimated population in 2006 was 5,842,713. The Missouri estimated population for those over the age of eighteen years in 2006 was 4,428,776. Only those over the age of eighteen years of age can utilize OHDNR identification (necklaces and bracelets) in Missouri.

The Texas estimated population in 2006 was 17,019,634. The Texas estimated population for those over the age of eighteen (18) years in 2006 was 12,322,215.

The percentage of OHDNR jewelry requests received in Texas annually is 0.000006 as there were seventy-five (75) requests annually divided by the population of Texas over the age of eighteen (18) years.

$$\frac{75}{12,322,215} = 0.000006$$

Missouri population over the age of eighteen (18) years multiplied by the percentage of OHDNR jewelry requests received in Texas annually equals the estimated number of Missouri citizens who will request OHDNR identification (necklaces and bracelets) annually.

$$4,428,776 \times 0.000006 = 27$$

Lowest price range for OHDNR identification (necklaces and bracelets) multiplied by twenty-seven (27) Missouri citizens who request OHDNR identification (necklaces and bracelets) annually.

$$27 \times \$39.00 = \$1,053.00$$

Total cost = \$1,053 annually for OHDNR identification (bracelets and necklaces).

**Card Stock for OHDNR Orders and OHDNR Identification (Wallet Cards)**

Texas receives approximately ninety-five (95) OHDNR requests annually.

The Missouri estimated population in 2006 was 5,842,713. The Missouri estimated population for those over the age of eighteen years in 2006 was 4,428,776. Only those over the age of eighteen years of age can execute an OHDNR order in Missouri or utilize OHDNR identification (wallet cards).

The Texas estimated population in 2006 was 17,019,634. The Texas estimated population for those over the age of eighteen (18) years in 2006 was 12,322,215.

The percentage of OHDNR requests received in Texas annually is 0.0000077 as there were ninety-five (95) requests annually divided by the population of Texas over the age of eighteen (18) years.

$$\frac{95}{12,322,215} = 0.0000077$$

Missouri population over the age of eighteen (18) years multiplied by the percentage of OHDNR requests received in Texas annually equals the estimated number of OHDNR order and OHDNR identification (wallet cards) requests annually in Missouri.

$$4,428,776 \times 0.0000077 = 34$$

Average price range for purple card stock (8.5 X 11 in size) is \$.10 per page multiplied by thirty-four (34) Missouri citizens who request OHDNR orders and identification (wallet cards) annually.

$$34 \times \$0.10 = \$3.40$$

Total cost = \$3.40 annually for purple card stock to print OHDNR orders and identification (wallet cards).

---

Total cost - \$1053.00 (OHDNR bracelets and necklaces) + \$3.40 (OHDNR wallet cards) = \$1056.40 annually.

(F) Allocating funds per school district based on percentage of children eligible for assistance.

(4) At the time the school refers the child for a comprehensive eye examination, the school district shall evaluate whether the child meets the qualifications in section (5) of this rule and, if so, shall give the parent or guardian a voucher that may be used to cover the cost of the child's eye examination.

(5) To qualify for coverage under the BEST Program fund, a child must—

(A) Be enrolled in a public school in grade one or three;

**SUMMARY:** This notice publishes MoDOT's receipt of applications for the issuance of Skill Performance Evaluation (SPE) Certificates from individuals who do not meet the physical qualification requirements in the Federal Motor Carrier Safety Regulations for drivers of commercial motor vehicles in Missouri intrastate commerce because of impaired vision or an established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control. If granted, the SPE Certificates will authorize these individuals to qualify as drivers of commercial motor vehicles (CMVs), in intrastate commerce only, without meeting the vision standard prescribed in 49 CFR 391.41(b)(10), if applicable, or the diabetes standard prescribed in 49 CFR 391.41(b)(3).

**DATES:** Comments must be received at the address stated below on or before March 2, 2009.

**ADDRESSES:** You may submit comments concerning an applicant, identified by the application number stated below, by any of the following methods:

**SUPPLEMENTARY INFORMATION:**

**Public Participation**

If you want us to notify you that we received your comments, please include a self-addressed, stamped envelope or postcard.

**Background**

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, RSMo Supp. 2008, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing an SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
